

Check what AI tells a prospective client

Keep the original answer. Check the details. Record what the sources support.

Business / service / town

Product / mode / collection date

Exact buyer question / saved answer location

01 BUSINESS AND LOCATION

Does the name, branch, location and service refer to your business?

02 FEES AND PEOPLE

Is a price a quote, starting price or estimate? Is its scope clear? Does a named person have the role claimed?

03 CONTACT AND SOURCES

Would the phone or email reach you? Does each linked source concern the right firm and support the adjacent claim?

04 ACTION AND RECHECK

Record the exact claim and source. Correct wrong information you control. Repeat on another date or product before drawing wider conclusions.

Result: supported / contradicted / unclear / not verifiable

An inaccessible page does not prove a claim false. Use the relevant official register for regulated status or permissions. A single answer cannot establish visibility, accuracy or commercial results. These checks do not guarantee a mention, ranking or enquiry.
